The Visitors Project for People with Dementia

Funded in part by Montgomery County Executive Community Collaborative Grant program.
Sponsored by Am Kolel Renewal Community in partnership with Alzheimer's Association, Montgomery County Health and Human Services, Faith Community Action Advisory Council, Jewish Council for the Aging and others.

-
- The Visitors Project for People with Dementia provides compassionate human connection to residents in nursing homes who do not receive regular visits from family or friends.
 - This project is a collaborative effort of local clergy, health and social service professionals, consultants on aging and YOU.
 - Our 12-hr training program with area experts prepares you to provide one-on-one visits with a person whose heart is longing for your companionship.
 - Training will take place on Sundays, November 13, 20 and December 4 from 1:30-5:30 pm at the Schweinhaut Senior Center in Silver Spring.
 - If you are interested, but cannot come to all 3 sessions, there will be a way to make up those sessions.
 - Visits to four Montgomery County nursing homes begin in early 2017.

This year, give the gift of loving kindness.
